SELECTED EXPERIENCE

2025 - PRESENT | FOUNDER AND CEO | TEKAI

Founder-led ethical AI for sensitive information

- Lead TekAI's vision, MVP validation, branding, consultations, stakeholder communication, and privacy-first product strategy.
- Building the TekAI Dialogue Intelligence Platform for reports, surveys, feedback, documents, dashboards, and impact reporting.
- Focus on secure AI workflows for healthcare, NGOs, public institutions, humanitarian work, and dialogue initiatives.

2025 | BACHELOR PROJECT | HOOLSY

Real-time AI media analysis platform

- Team Leader, Scrum Master, DevOps Engineer, and AI Developer for object detection, gesture tracking, face recognition, speech recognition, and metadata processing.
- Integrated MediaPipe with Kafka streaming, MongoDB logging, Docker, Kubernetes, GitHub Actions, YOLO, PyTorch, OpenCV, and event-driven architecture.

2024 - PRESENT | COMMUNITY AND PUBLIC IMPACT

The Dialogue Platform

- Initiated an independent peacebuilding and dialogue platform in Lillestrom to promote peace and build trust in the community.
- Certified Nansen Peace Centre dialogue facilitator; built AI-supported website communication, seminars, podcasts, panels, community meetings, and outreach.

EDUCATION

AUG 2025 - JUN 2027 | KRISTIANIA UNIVERSITY COLLEGE

Master's in Artificial Intelligence

Ongoing graduate studies in intelligent systems, applied machine learning, responsible AI, and practical AI development.

2022 - 2025 | HOYSKOLEN KRISTIANIA

Bachelor in Data Science

Python, SQL, cloud, big data, machine learning, NLP, deep learning, object recognition, Scrum, Git, Docker, Kubernetes, and Jupyter.

2022 - 2023 | STEP COMPUTER ACADEMY

Front-End Development Diploma

HTML5, CSS3, JavaScript, Angular, React, client-side scripting, and production-oriented web development.

2013 - 2023 | SUMY STATE UNIVERSITY

Master in Medicine

Medical education and clinical training that strengthen Omran's AI work with risk awareness, safety, and real-world responsibility.
