## LANGUAGES

Maba native, English, Norwegian, Arabic, Russian, Ukrainian.

## HEALTHCARE VALUE

Omran combines clinical judgment with AI literacy, making him valuable in healthcare teams that need safe digital transformation, clear communication, and human-centered technology.

## MEDICAL EXPERIENCE

2024 - 2027 | HELSEDIREKTORATET

### Medical authorization under supervision

Authorized to practice as a doctor under supervision in Norway, with continued focus on national medical expectations, patient safety, and responsible clinical communication.

2024 | HEALTHCARE ASSISTANT AND CLINICAL SUPPORT

### Hospital and care environments

- Supported patients with structured observation, communication, care routines, and documentation.
- Worked with healthcare systems including DIPS and Metavision context.

2013 - 2023 | MEDICAL EDUCATION AND PRACTICE

### Clinical training, emergency medicine, and coordination

- Completed medical education at Sumy State University with broad clinical exposure and academic grounding.
- Led digital medical education and online lecture work in microbiology, pathophysiology, and infectious disease.

2025 - PRESENT | FOUNDER | TEKAI

### Founder role in medical AI and knowledge systems

Founder and CEO leading TekAI's privacy-first document intelligence and dialogue analysis work with healthcare-aware principles: traceability, human oversight, and careful adoption.

## EDUCATION AND COURSES

AUG 2025 - JUN 2027 | KRISTIANIA UNIVERSITY COLLEGE

### Master's in Artificial Intelligence

Ongoing AI studies strengthening the bridge between healthcare, safe digital transformation, responsible AI, and intelligent clinical knowledge systems.

2013 - 2023 | SUMY STATE UNIVERSITY

### Master in Medicine

Comprehensive medical education with clinical practice, research orientation, and patient-centered training.

NORWAY | CLINICAL READINESS

### Regulations, medication handling, CPR, and first aid

Training connected to Norwegian healthcare expectations, safe medication routines, emergency response, and professional communication.

## COMMUNITY HEALTH AND INCLUSION

Certified Nansen Peace Centre dialogue facilitator and initiator of The Dialogue Platform to promote peace and build community trust. Supported newcomers through multilingual interpretation, Red Cross and Caritas-related work.
